## RESUME

I'm a developer from the **Historical capital of India, Varanasi**. I have a **BSc in Information Technology (B.Sc. - IT)** and **Masters of Computer Applications (MCA)** Degree. I've worked with various technologies including **Networking and Database** in the past, but recently I've taken an interest in **web application development, programming, writing & blogging**. Ever since then, I've considered myself devoted to computer science.

— “What makes innovative thinking happen?... I think it's really a mindset. You have to decide.”

### PUBLISHED BOOK

July 2021  
"SQL Simplified Book" Published on [Amazon](#), [Playstore](#), [Google Books](#), [SmashWords](#)

### EXPERIENCE

#### EARLIER

June 2021 – August 2021 WORK  
Software Development Engineer Intern at [Amazon](#)

- Helepd the developer team to Design and Implement a plug and play Notification engine that detects the user and system-level events/processes. The engine sends emails and pushes web notifications to the customer. Integrated the engine into security and certificates platform within Amazon.

1<sup>st</sup> October 2015 – April 2016 WORK  
Retainer at [NIIT Technologies Ltd](#)

- Helped to Expand the community of developers through online and offline and on the ground engagement.
- Aspire to continuously improve the developer experience by bringing back feedback for the engineering team to incorporate.
- Experience in preparing and publishing technical blog posts or tutorials.
- A track record of building interesting personal projects (ideally, visible publicly on platforms like github)
- Collaborate with product, engineering, and marketing teams to identify customer needs and to jointly help to meet those needs.
- inspired the project members to contribute to increase the work effectiveness based on open-enviornment ecosystem.

### EDUCATION/ DEGREE

August 2017 – November 2020 EDUCATION  
Masters of Computer Applications(MCA) at [University Of Mumbai \(MU\)](#)

August 2011 – March 2015 With **73.37% (1<sup>st</sup> Division)** EDUCATION  
Bachelor In Infomation Technology(BSC-IT) at [Punjab Technical University \(PTU\)](#)

2012 – 2013 With **A+ Grade = 65% And Above** EDUCATION  
Professional Dimploma in Hardware & Networking at [Nice College](#)

2011 With **63.60% (1<sup>st</sup> Division)** EDUCATION  
Intermediate (10+2) at B.T. Inter College  
Concentration : Physics, Mathematics, Chemistry

### PORTFOLIO WEBSITE

[shivas.gtsb.io](#) || [shivashishy.github.io](#)

### LANGUAGES

C, Python, Javascript, HTML, CSS, React (Learning)

### TECHNOLOGIES/Framework

Bootstrap, Node.js

### DATABASE

Oracle, SQL, MongoDB, Firebase

### TOOLS

Git, Github, Gitlab

### PACKAGES

MS Office Tools, Office 365

### SKILLS

Technical Writing, Team Management. Team Leadership, Problem Solving, Work Under Pressure

### PAPER & POSTER PRESENTED

Deftly presented a Poster on topic Artificial Intelligence and paper on topics BOINC & Grid Computing in techfests organized in different colleges and institutes of Maharashtra (won 2nd prize).

### RESEARCH INTEREST

**Data Mining and Network Science.**  
**Applications:** using network models and data science to solve interdisciplinary problems in complex systems such as financial market (e.g., information diffusion & trading behavior), social network (e.g., online / mobile phone social interactions), and biology (e.g., species invasions via global shipping) in close collaboration with domain experts.  
**Theory:** network representation of various types of data; in particular, methods and influences of embedding rich information such as higher-order dependencies into networks.

## KNOWLEDGE

- Understanding and interest in software development
- Knowledge in Networking ,Troubleshooting And Other Stuff.
- Excellent communication & interpersonal skills with ability to grasp new concepts quickly and utilise the same in a productive manner

## ACADEMIC PROJECT IN GRADUATION(UG)

**Title:** College Automation System. PROJECTS  
**Role:** Database Handling  
**Technology Used:** JSP, JavaScript, HTML and MySQL.  
**Description:** The project was completed in three phases.  
Phase 1: In the first phase students of the college can register to get their user ID from the system and can login any time to view their attendance, fee structure, admission details etc.  
Phase 2: In the second phase the faculty of the college can do two tasks that are to fill the attendance and view the attendance of students of their particular class.  
Phase 3: In the third phase it allows the accountant to manage the fees of all the students.

## ACADEMIC PROJECT IN POST GRADUATION(PG)

**Title:** Code Collaboration Website PROJECTS  
**Role:** Full Stack Developer  
**Technology Used:**Node.js, Bootstrap, Open Source Libraries, JSP, JavaScript, HTML and MongoDB.  
**Description:** In simple words, CodingBuddy is like GoogleDocs for programmers. It allows you to work collaboratively on code with fellow engineers for interviews, troubleshooting, teaching & more- no matter where you live

## PERSONNEL PROJECTS AND LEARNING

[Covid-19 \(Corona Virus\) Website](#) GITHUB  
Helping People to track covid-19 real stats from my website, it includes stats of global affected countries , as well as graphs, and special section for india trackers.

[CodingBuddy-Platform For Sharing Code](#) GITHUB  
In simple words, CodingBuddy is like GoogleDocs for programmers. It allows you to work collaboratively on code with fellow engineers for interviews, troubleshooting, teaching & more- no matter where you live.

[Chatter-For Chatting Anonymous](#) GITHUB  
If you only want to chat anonymously without revealing your identification, you can use the CodingBuddy

[Youtube Video Downloader](#) GITHUB  
YouTube Downloader which provides search query and functions without ads.. Please ensure your internet connectivity to avoid errors.

[Whatsapp Spam Bot](#) GITHUB  
Whatsapp Bot to spam messages to your contacts and others, it's just for educational purpose

[Employee Calculator](#) GITHUB  
A simple React app to calculate employed days between two dates, and how many working days are in the range.i.e. how many days in the office remain before Holi, Diwali, retirement!

[Any-Device-Cell-Status](#) GITHUB  
Using JS battery API to get the status of Any device's battery.

[Yellow Portfolio Template](#) GITHUB  
Nice, Neat and clean resume template. Comes with an animated background (particle.js). The background consists of yellow lines connected to each other.

[Simple Html Resume](#) GITHUB  
Nice and clean one page resume based on HTML. Comes with scrollable and consists of all the things one by one which are needed to showcase in a good resume.

[Demo Website for Online Business](#) GITHUB  
This is a demo website for online business created by (html, css, bootstrap, jquery) which can be implemented in real life and can be also changed for other purposes .

## CONTRIBUTION

**Contributed in Xiaomi MIUI 11 Software Testing and Bug Finding Official Group By Xiaomi Developers Team for Mobile Phone : Xiaomi Poco F1, Redmi Note 5 Pro, Redmi k20 Pro**

## ACTIVITIES & SOCIETIES

I was in a Swimming Team and I was part of a TechIT club, and it was awesome. We did demo shows, short technology-themed plays, and hands-on activities for college, general audiences, and anyone else who asked us. We got to light stuff on fire and teach them a little bit about Technology And I also involved in Social Activities Its Called "Smile" It's for Poor And Needy People to Help Them And Bring Smile on their Face.

-  **Donated Apheresis For St. Johns Hospital And Medical College**
-  **Donated Blood For S.L. Raheja Hospital , Mahim**

## HOBBIES

My hobbies include Exercising • Gaming • Designing • Coding And Listening Music.  
I enjoy doing random walks on the Wikipedia network (for hours) and learn about different aspects of our world.

## CHARACTER

EXPLORER, STRAIGHTFORWARD, [DEBATER](#), DEVOTED, PEDANTIC, AGNOSTIC, CONTENTIOUS, PROCRASTINATOR, RELEVANT, EMPATHETIC, STORYTELLER, CONFIDENT, CONSISTENT, CHALLENGING.
